

EPCRA Planning and Reporting Manager™

Study current Emergency Planning and Community Right to Know Act (EPCRA) applicability and reporting requirements, including multiple chemical lists, applicability thresholds, required reporting, deadlines, available reporting tools, and mandatory documentation.

Learning Objectives

- Understand the EPCRA structure, intent, applicability and regulatory breakdown
- Learn reporting thresholds and calculations
- Review annual reporting requirements
- Discuss practical inventory and reporting strategies, including the acceptable use of estimates

Intended Audience

- Environmental professionals
- EH&S Managers
- Anyone responsible for environmental reporting of hazardous materials and substances

Format *(full agenda on website)*

- Modular presentations cover all principle environmental laws and implementing regulations
- Collaborative and comfortable atmosphere, with questions and discussion encouraged
- Regular breaks to allow students to stay in touch with office or attend to personal matters
- Coffee, drinks, and snacks throughout the day

Students Receive

- EH&S background primer sent in advance of course
- Hard copy of all slides and instructional/supporting information in convenient reference binder
- Access to instructors for follow-on questions
