

SPCC Compliance Manager™

The *SPCC Compliance Manager™* course will help facilities subject to spill prevention, control and countermeasure (SPCC) regulations develop and effectively implement SPCC plans. With regulations changing regularly, agency interpretations and guidance emerging, and deadlines for the updated plans looming, staying up to speed on compliance with this program can be challenging.

Learning Objectives

- Understand all recent changes to the rule, including current EPA SPCC compliance guidance
- Hands on experience evaluating and improving SPCC plans
- Perspective on how to best manage SPCC compliance for your organization

Intended Audience

- Persons responsible for developing SPCC plans, managing SPCC compliance programs, or evaluating SPCC compliance.

Format (*full agenda on website*)

- Modular presentations cover applical regulations and interpretive guidance
- Collaborative and comfortable atmosphere, with questions and discussion encouraged
- Regular breaks to allow students to stay in touch with office or attend to personal matters
- Coffee, drinks, and snacks throughout the day

Students Receive

- EH&S background primer sent in advance of course
- Hard copy of all slides and instructional/supporting information in convenient reference binder
- Regulatory information, guidance documents, and other useful references on a flash drive
- Access to instructors for follow-on questions
